

CROWN

CHRISTIAN SCHOOL MANAGEMENT SOLUTION

One connected operating environment for the whole Christian school.

CROWN connects the people, decisions, relationships, and responsibilities that shape school life - while preserving role boundaries, school identity, and mission.

Concept interface with demonstration data. A written school scope defines enabled capabilities and launch responsibilities.

33

role-specific modules

ONE

connected platform

FOUR

role experiences

OCT 2026

planned public launch

The whole school, organized for a responsible launch.

Schools can see the complete platform direction while implementation focuses on the capabilities, integrations, roles, and preparation required for their written launch scope.

Enrollment & records

Admissions, enrollment, re-enrollment, student records

Academics

Attendance, scheduling, gradebook, curriculum, transcripts

Stewardship

Tuition, payments, aid, budget, food service

Care & operations

Transportation, health, discipline, safety, facilities

Community

Communication, events, athletics, volunteers, alumni

Formation & learning

Spiritual life, prayer, Home Academy, extended care

Leadership intelligence

Surveys, executive reporting, Solomon decision support

WHAT OCTOBER 2026 MEANS

01

Platform direction

Concept screens and module architecture show the intended connected experience.

02

Written school scope

Each proposal identifies modules, integrations, training, timing, responsibilities, and commercial terms.

03

Responsible evolution

Optional capabilities and interface details may evolve before a school commits.
